HOW TO USE THIS FORM

1 Fill it in.

Type into the shaded fields or print the form and use blue or black ink. Do not sign yet.

2 Sign in front of a Florida notary.

Sign only when the notary is watching — in person or by online notarization. Bring a current, government-issued photo ID.

3 The notary completes the certificate.

The notary fills in the certificate, signs and applies the seal. Keep the certificate in English — Florida apostilles are issued on English-language notarial certificates.

4 Get the apostille.

For Hague Convention countries, the Florida Department of State issues an apostille. For non-Hague countries, Florida issues an authentication before consular legalization.

5 Check translation rules.

Some countries also require a certified translation of the document and/or the apostille. Ask the receiving authority before you send it.

- Attach copies of the documents showing each version of the name if the receiving institution asks for them.
- This affidavit does not legally change your name. A legal name change requires a court order.
